Collège Fra-Angelico

Mathematics Exam

1 Première partie

Question 1:

This is an open question with configurable witespace under it. Witespace will be replace by the answer if defined with the following command line.

```
pdflatex "\def\withanswers{1} \input{src/main.tex}"
```

Inline answer will be displayed in red and should always be placed under the initial question.

Question 2:

This is a question.

And this is the answer.

2 Deuxème partie

Question 3:

This is a question.

And this is the answer.
